WHAT IS THE Country Roads

EXPERIENCE ?

Part studio tour • part garden show • part open house
It's all about exploring and enjoying with friends
and family. First-time visitors or tour regulars,
we promise you a warm welcome, new things to see
and do and a memorable country outing!
The secret of our success is as simple as 1 2 3...

1 Have it your way. Join in the fun of our special tours (described inside) - or design your own. Many of us have regular hours Spring to Fall, while others will happily open on request. Use this brochure and a few phone calls to design the tour that suits you best.

2 There's more to life than shopping. The Country Roads Experience is about good times as well as good buys. Stroll through our gardens,

ask about our work and share in the pleasures of rural life. Bring along your camera - memories are made of this.

3 Our very best. The Country Roads label means creativity, quality and value. We won't settle for less - why should you?
